★★★★★

The members of the French Indonesian Consortium in Engineering and Management, FICEM :

- Jointly seeking to strengthen existing links of cooperation between the French Party and the Indonesian Party,
- Seeking also to develop cooperation in their respective fields and to define the general rules for such cooperation,

enter into the present agreement of cooperation to establish a program of academic and scientific exchange and collaboration in areas of mutual interest and benefit to the participating institutions.

Article 1 – Purpose

The main purpose of the cooperation is to foster academic and scientific collaboration, provide opportunity for global experience, and facilitate advancement of knowledge on the basis of reciprocity, best effort, mutual benefit, and frequent interactions between the French and Indonesian Parties in the fields of education and research.

Article 2 – Scope of cooperation

Article 2.1

To achieve these goals, the French Party and the Indonesian Party will, insofar as the means of each allow:

1. Invite academic representatives of the other Party, when appropriate, to participate in symposia, conferences, short courses and meetings on research issues.
2. Promote institutional exchanges by inviting faculty and researchers of the other Party to participate in a variety of educational and/or research activities and professional development
3. Exchange information pertaining to developments in education, student development, and research at each Party.
4. Cooperate in joint research programs in areas of mutual interest.
5. Receive selected undergraduate and postgraduate students of the other Party for a period of study, internship or research.
6. Develop double master programs.
7. Develop International Project Teams sessions (short-term international projects)
8. Provide joint supervision of master's and doctoral theses by the academics from both Parties.
9. Engage in any other form of educational, scientific or technical cooperation in agreement with the concerned bodies.
10. Seek funding for all the projects within this consortium.

Article 2.2

The present general agreement of academic and scientific cooperation shall be identified as the parent document of any program agreement executed between the French Party and the Indonesian Party. Any mutually agreed to collaborative program or activities will be documented in advance in one or more separate written agreement(s) that detail, among other things, the commitment of resources (financial or otherwise) required by each Party in, and the other agreed to requirements and conditions of, the relevant collaborative program or activities. Any further specific agreements shall not become effective until they have been approved and executed by the duly authorized representatives of the Parties.

Article 3 – Organisation and coordination of the cooperation

The French Party and the Indonesian Party agree to consult as deemed necessary and to hold any coordination meeting, if required, to discuss on-going and future actions.

Proposals for cooperation in specific areas will be communicated to the coordinators designated to oversee and facilitate implementation of this agreement. The coordinators will submit the proposals to both Parties for approval.

The designated coordinators of this cooperation are the following :

- Institut Mines-Télécom represented by Ecole Nationale Supérieure des Mines de Nantes. The designated coordinator at Ecole Nationale Supérieure des Mines de Nantes is Ass. Prof. Annya REQUILE
